

PERSONAL STATEMENT

I'm a 24 years old UX Designer from West Covina, CA. I love everything that has to do with Design, Marketing, Sound, Emotion and I feel a true devotion for typography.

I have 4 years of experience working freelance and 2 years in studio, but I am ready, willing and able to take on bigger and better tasks! I love working with people whether group or collaborative, especially if they have the same passion I have for what they do.

Why don't we work together? Go futher down to see why I am the man you need to hire!
